InSITE 2019

hosted by the
Jerusalem College of Technology

InSITE is often quoted as the best conference delegates ever attended. Its focus is to develop the trust relationships needed to enable collaborative research with colleagues from other nations and other disciplines. It is a unique experience in which the leadership in the organization truly welcomes new and old researchers alike. Unlike conferences that are designed for cliques of insiders, at InSITE *you* are the insider.

Special Tracks on
Fake News (truth in informing), Transdisciplinarity and Knowledge Transfer

Types of Submissions

- Full Research Papers
- Practical Papers
- Research in Progress
- Discussion Papers
- Abstract Only
- Posters
- Panels
- Workshops

InSITE 2019

InSITE 2019

Call for Participation

Informing Science & IT Education:
A Conference in Four Parts

**JERUSALEM
COLLEGE OF
TECHNOLOGY**
LEV ACADEMIC CENTER

held in
JERUSALEM
Israel

June 30 – July 5, 2019
http://InSITE.nu

Send questions to the organizers at:
Organizer@InSITE.nu

Reviewing Starts
December 15, 2018

InSITE: Connect consists of study in various locations on the transmission of information across time and space. **Connect** focuses on the interrelationship between context (historical forces and culture) and information and knowledge transfer.

InSITE: Workshops A day devoted to learning new research and teaching skills

InSITE: InFORM solicits papers in any area that explores issues in effectively and efficiently informing clients through IT.

InSITE: TeachIT focuses on research topics related to teaching IT, including curricular issues, capstone courses, pedagogy, and emerging topics in IT.

InSITE: TeLE focuses on research topics related to using IT to teach. For example, these topics include e-Learning, m-Learning, making classroom teaching more effective, and distance learning.

Reviewing Starts

December 15, 2018
Submit at
http://Submit.InSITE.nu

Submission Instructions

The language of the conference is English. All papers will be **double-blind** reviewed by six or more reviewers. At least one reviewer will be external to the conference. All papers must be original and not submitted to another publication or conference. By submitting the manuscript for consideration, authors stipulate that they hold the **copyright** to the manuscript. Authors also agree to assume all liability in case of copyright dispute.

Highly rated papers will be fast-tracked for publication in an Informing Science Institute journal. All accepted papers and abstracts will be published in the conference proceedings.

Following are the specific requirements for each type of submission:

Research Papers should be submitted as complete papers (8-25 pages preferred). Include a description of the context of use, the clients involved, the problem, and the proposed solution, if appropriate. Original thinking is valued.

Interactive Paper, Discussion Paper, and Practical Papers. Shorter papers (prefer at least 8 pages) are also welcome. These let you share the ideas you have developed to date and receive constructive feedback.

Panel Discussions. Include a detailed description of the topic and identify **four or more** panelists who have agreed to attend the conference.

Format Instructions

1. See http://InSITE.nu/ for complete, detailed formatting details.

2. Strip from the submission the author's name(s), affiliations, and any other information that identify the authors. This allows your manuscript to be blind reviewed.

3. Manuscript submissions are accepted only in RTF and Word format via the website http://submit.InSITE.nu

4. Each author may submit up to two papers as the only attending author.

5. For an accepted paper to appear on the program and in print, *at least one author must pay the registration fee by March 15, 2019.*

Please Volunteer to Review Submissions

Please volunteer your expertise as a paper reviewer for the Informing Science + IT Education Conference. Sign up at the following URL:

volunteer.InSITE.nu

Thank you in advance for whatever assistance you can provide. **Productive reviewers receive a reduction in their conference registration fee and a certificate of appreciation.**
